### Name

Al Sandbox: Play, Practice, Prompt Time

### 10:15 AM - 11:10 AM

Location Name

G-P Atrium

Session Type Al Playground

Description

This interactive session promises to go beyond the surface by diving deeper into effective prompting techniques for Large Language Models. Educators will explore customized prompts tailored to different educational roles (teacher, principal, coach, librarian, and more!), showcasing practical AI applications in education.

Educators will explore prompts designed to streamline tasks specific to their roles, with resources demonstrating how AI can simplify workflows, save time, and boost productivity. Participants will receive a set of tailored prompts and have the chance to experiment with them on their preferred AI platform. They will have the opportunity to share their experiences and insights with fellow attendees via the session Padlet.
